# Preface

The 1987/88 *Directory of Education* is a comprehensive listing of publicly supported schools, school boards, and education officials. A key to the layout and abbreviations used in the directory may be found on pages 6 and 7.

The directory is divided into seven sections. The first section provides a list of Provincial Schools; the other sections are devoted to the various regions. Each regional section includes the address of the regional office of the Ministry of Education, a list of the ministry officials in the regional office, and a regional map. Also included in the directory are maps, on pages 15 to 18, showing the jurisdictional boundaries of larger school boards. An appendix on pages 298 to 300 provides a list of colleges and universities.

The present directory was compiled from data submitted by the school boards in the 1987 June Board Report and reflects as accurately as possible the information contained in that report. The figures showing the number of staff members and students are those estimated for the 1987/88 school year.

The number of staff members represents the full-time equivalence of both full-time and part-time teachers.

# Préface

L'*Annuaire de l'administration scolaire* de 1987/1988 donne la liste complète des écoles financées par les fonds publics, des conseils scolaires et des responsables de l'éducation. On trouvera aux pages 6 et 7 de l'annuaire un spécimen de la disposition typographique ainsi qu'une liste des sigles.

Cet annuaire comporte sept sections. La première présente une table alphabétique des écoles provinciales; les autres sections portent sur les diverses régions de l'Ontario. Ces dernières sections comprennent l'adresse du bureau régional du ministère de l'Éducation de la région donnée, la liste des fonctionnaires régionaux du ministère et une carte de la région. L'annuaire contient également des cartes, pages 15 à 18, indiquant les limites des circonscriptions scolaires les plus importantes. On trouvera aussi, aux pages 298 à 300, une annexe qui donne la liste des collèges d'arts appliqués et de technologie et des universités de l'Ontario.

On a établi l'annuaire à partir de renseignements fournis par les conseils scolaires dans leur rapport du mois de juin 1987 en étant aussi fidèle que possible à ces renseignements. Le nombre d'éducateurs et d'élèves pour l'année 1987/1988 est un nombre approximatif.

Le nombre d'éducateurs représente l'équivalence à plein temps des enseignants à plein temps et à temps partiel.

The 1987/88 *Directory of Education* lists 182 school boards; of these, 170 operate elementary and/or secondary schools.

The number of schools shown above reflects the number of programs set up by the boards and reported on the June Board Report, 1987. Many of these programs are reported under one school administration unit by one principal; others occupy the same facility but are administered by different principals.

It is estimated that, of the 4955 schools reported, approximately 4500 are school administrative units. For example, of 439 schools for the trainable retarded, 321 are classes located in schools: 150 in public elementary schools, 62 in public secondary schools, 88 in Roman Catholic elementary schools, 21 in Roman Catholic secondary schools.

In addition, it should be noted that there are 19 junior high schools with students enrolled in Grades 7 to 9; there are also 39 schools with both elementary and secondary grades (21 public and 18 Roman Catholic). These schools are reported in both the elementary and secondary school totals above.

L'*Annuaire de l'administration scolaire* de 1987-1988 comporte une liste de 182 conseils scolaires; 170 de ces conseils administrent des écoles élémentaires ou secondaires, ou les deux.

Le nombre d'écoles mentionné ci-dessus correspond au nombre de programmes mis en place par les conseils scolaires et déclarés dans leur rapport de juin de 1987. Bon nombre de ces programmes relèvent d'une unité administrative scolaire gérée par un directeur ou une directrice d'école; d'autres relèvent de directeurs ou de directrices d'école différents bien qu'ils soient offerts dans une même école.

On estime que des 4 955 écoles déclarées, environ 4 500 constituent des unités administratives scolaires. Ainsi, parmi les 439 écoles de déficients moyens, 321 sont des classes incorporées dans des écoles : 150 le sont dans des écoles élémentaires publiques, 62 dans des écoles secondaires publiques, 88 dans des écoles élémentaires catholiques et 21 dans des écoles secondaires catholiques.

En outre, il faudrait noter que 19 écoles n'accueillent que les élèves de la 7$^e$ à la 9$^e$ année et que 39 écoles dispensent l'enseignement élémentaire et secondaire (21 écoles publiques et 18 écoles catholiques). Ces écoles sont incluses à la fois dans les écoles élémentaires et les écoles secondaires déclarées ci-dessus.
